

WE ARE GREAT IN SMALL THINGS

Mediteck S.r.I. was born in 1993 and began with the repair of traditional surgical instruments only.

Afterwards, the years of experience made Mediteck S.r.I. specialized in the repair of powered instruments, rigid and flexible endoscopes too.

MEDITECK, ITALIAN QUALITY

Mediteck S.r.I. has 50 employees and some workshops, to service about 300 public and private clinics, between the more important Italian Hospitals and Biomedical Engineerings. Mediteck S.r.I. has customers also abroad, above all in France, United Kingdom, Germany, Switzerland, Slovenia and Portugal. Mediteck S.r.I. offers a big range of services, from the traceability of surgical instruments, until the new endoscopic robot ENDOCTIS.

The picture down here shows our commercial network that, for Campania, is exclusively represented by Medigroup from Scafati
